**Yoko Kobayashi : The Complete Japanese Cookbook** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Japanese Cookbook:

0 of 0 people found the following review helpful. I enjoy Korean food as well but as I said  
By Vera Chino I wanted a complete Japanese cookbook. However, there were too many recipes for Korean food. I enjoy Korean food as well but as I said, I just wanted recipes for Japanese cooking. In addition, of the Japanese recipes, there were too many recipes that were deep fried and I know that that is not the typical Japanese way of cooking.

By D. Aiken This book is a publisher's "second" or worse. The one recipe I wanted was smeared with printer's ink and it should never have been sold in the first place. Whomever sold it to me knew or should have known that. However, there is a lot of other readable information so it wasn't a complete waste of money.

By Renee Finally, an authentic cookbook that makes me proud to be a Japanese culture enthusiast. Now I can prepare Japanese style meals like a pro. I also love the fact that there are American conversions for each recipe, but I use the metric side because I've prepared my kitchen for international measurements.

Book by Kobayashi, Yoko
