**Gordon Rock : The Concise Muffin Tin Cookbook: All the Muffin Tin Recipes in One Place** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Concise Muffin Tin Cookbook: All the Muffin Tin Recipes in One Place:

0 of 0 people found the following review helpful. The things you can do with a muffin pan!By SolfreedomThis book has a lot of different and interesting recipes! The recipes are simple and easy, so almost any level of cook should be

able to make these recipes. I cannot wait to try out many of these recipes. Most of the recipes call for things, usually found in your kitchen. If a grocery trip is needed, the ingredients are not that expensive. I would recommend to any level of cook, with a muffin pan. Kids would have fun helping with these recipes. One suggestion would be photos. They give us confidence in the finished product. Also, tuna seems to be involved in the description of peanut butter cookies. 2 of 2 people found the following review helpful. Muffin tin recipes By CJS Many interesting sounding recipes. I love the concept of muffin tin baking, instant portion control. My only complaint is WHY NO PHOTOS? There's the cover page and that's it. I'm sure the author has heard we eat with our eyes first... I hope he'll do an updated version and include photos. 0 of 0 people found the following review helpful. Simple but Yummy Recipes By Tainamom Loved the recipes, especially the mini pizzas and quiches. Excellent for party finger foods, kids parties, the variations are endless. Anyone who loves to cook, but doesn't want the hassle of making large portions would love the recipes. The recipe instructions are easy to follow.

Have you been searching for new ways to develop the interest of your family in breakfast lunches and dinners? Are you desperately in need of new recipes for kids' lunch boxes and snack times? If you are then your answer lies in *The Concise Muffin Tin Cookbook: All the Muffin Tin Recipes in One Place*.
