SchroderWhat can I say.....This book is a must for, not only beginner cookie decorators, but those of us looking for references on colors and ideas for more than one use for our cookie cutter. This is the most comprehensive book on color mixing and applications that anyone will need unless you do this professionally, 100% of the time. It's really amazing. She also has a cookie cutter set that I have NOT bought, only

because I have almost all of the shapes in the container. If you're just starting out, get the cookie cutters too. 7 of 7 people found the following review helpful. Ahhh..just what I was looking for.
