Richard Sax : The Cookie Lover's Cookie Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cookie Lover's Cookie Book:

0 of 0 people found the following review helpful. Four StarsBy MimiNot as many recipes as I thought I'd use, but that's just me and my taste.3 of 3 people found the following review helpful. A cookbook treasureBy FrogersAdmiring the cookbooks of Richard Sax, I looked for this cookbook for years. Am looking forward to trying every cookie. We lost this author way too young, but his wonderful books live on.9 of 9 people found the following review helpful. Best of ClassBy HeyJudyThe late Richard Sax was one of the finest food writers the world ever has known; unfortunately, he died too young to reach his full potential.All of his books are models of the specialty, beautifully written and carefully researched. His recipes are flawless.THE COOKIE LOVER'S COOKIE BOOK is no exception to his style. Without exaggeration, this small volume probably is the best book focusing just on cookies that ever hit the bookstores. Richard's recipes are both perfect and unique.

From Publishers WeeklyUnlike many of the books on the subject that have come out in the past few years, this title takes cookies seriously. Sax, the author of *Cooking Great Meals Every Day* and *Old-Fashioned Desserts*, thoroughly explores the cookie world and comes up with more than 100 recipes that are neither overly elaborate nor too simple

and include gingerbread hermits, butterscotch crunch cookies, chocolate-dipped peanut brittle fingers, baby fruitcakes and espresso bars. Sax also discusses techniques and ingredients as well as offers tips on baking, storage and mailing. Overall, the effort is enough to make the cookie jar tempting again.
