Most of us know that you chill your dough before baking it but there are more steps you don't want to overlook. I like the variety of recipes shared and the

layout of the book is well organized. Red Velvet Sandwich and Classic Sugar Cookies are at the beginning, along with Oatmeal and Macaroons. Enjoy Peanut Butter, Snickerdoodles and Ginger Cookies, to name a few. Of course, there's a variety of Chocolate Chip recipes to discover, too. I especially like the Shortbread, Christmas Gingerbread Men and the Orange Cranberry Cookies that are perfect for the holiday season. The author has a great goal for the reader and that is to be able to take away from this book some helpful cookie making tips and create your own cookie recipes. 0 of 0 people found the following review helpful.
