KirbyI love the entire Time-Life Foods of the World series for it's comprehensive coverage of a culture. The Cooking of China and Recipes covers all the regions of China and explains the differences about the regions and why. A very good book for learning about China and Chinese cooking.3 of 3 people found the following review helpful. Classic Chinese cookingBy Michael ShuThis is one of the better Time Life's series of cookbooks - (this volume on China). It is from the 1960s and has a recipe booklet as well as a larger descriptive volume with photos and meal planning suggestions and commentary. This is our second purchase of this cookbook since we wore out the first recipe booklet. mike0 of 0 people found the following review helpful.
