Elinor Klivans : The Cupcake Deck before purchasing it in order to gage whether or not it would be worth my time, and all praised The Cupcake Deck:

They are printed on a high quality card stock and the images are beautiful. I love that each recipe has an image. A must have for cookbooks, in my opinion. Each card has a photo on the front that opens to show the recipe and directions inside. There's an accordion like card in the front with an intro, table of contents, and table of equivalents etc. The box is very sturdy and a good size.As for the recipes, I have only made one so far. I made the Hi Hat Cupcakes and delivered them to friends. Very fancy presentation and fun to give! The cupcake recipe alone is AMAZING. Very moist and yummy cupcakes... no frosting needed!! The

frosting and toppings are delicious as well. I can't wait to try the rest of the recipes. Also, the recipes are for 12-18 cupcakes which is a nice size. I appreciate smaller recipes that make smaller quantities! 1 of 2 people found the following review helpful. So easy for the grandkids...By sophiegirl! They love looking at the "cards" and as each recipe has a picture, much easier for them to pick from than a cookbook! Nice that they make a smaller batch - perfect for an afternoon visit. Also makes a cute gift idea - with a pretty apron or vintage cake plate. Recipes are from scratch - but not so complicated newer cooks can't follow them, so I have given this to a 'tween or two just learning to cook. Again, they find the deck more fun than a cookbook. Fun, unique, and priced well. Perhaps I will change my annual "cookie exchange" to a "cupcake" exchange this Christmas! 3 of 3 people found the following review helpful. Should have read a review! lol By Fennel! This is not a book but like the title states but a Deck, like cards. I really do not like the card technique, however, the information inside is pretty easy to follow and new in recipes. If, you happen to like the individual cards it is a nice little guide to all of the favorite Cupcakes, everyone seem to make these days. Price was good also.

Drawn from the best-selling book, Cupcakes, this deck includes such inviting recipes as Chocolate Mousse Cupcakes, Vanilla Cheesecake Crunch-Top Cupcakes and the deliriously delicious Lemon Angel Cupcakes. Here are 25 scrumptious ways to bring smiles faster than a kid can lick the batter off a beater.
