Explore the magic of malting, the development of flavor and the astonishing barrel-aging process as you learn about how whiskey is made. In the main chapter, Tristan takes us on a journey through 56 distilleries around the world, exploring their remarkable quirks, unique techniques and flavors, featuring all new location photography from the Scottish Highlands and Ireland to Kentucky and Tennessee. After that, you might choose to make the most of Tristan's formidable bar skills with some inspirational whiskey-based blends and cocktails.
