Thank goodness I found this book.0 of 0 people found the following review helpful. interesting recipesBy CherishBI was looking for a specific

kind of curry recipe that was not included in this book, but there were certainly some good recipes to try for another time. 0 of 0 people found the following review helpful. Four Stars By Raleigh Good looking recipes. Just be ready to understand archaic terms for measurements.

The curry, not to be confused with the spice of curry powder, is a dish that is an integral part of everyday cuisine in many regions around the world. Primarily associated with Asian cuisine, even England has a far-reaching curry tradition. Daniel Santiagoe has compiled many British curries in this work, dating from 1889, including basic recipes, variations for vegetarian cuisine as well as curries with meat or fish. This cookbook is a must have for every lover of tasty and hearty curries.
