Understanding what Jesus did is important, because the cross and Christ' resurrection back to Heaven entitles us to partake of the Divine nature of God when we accept Jesus as our Savior. He has literally undone what Adam did by sinning, and without sin took our

sin so that our sin would n't be counted against us if we repent. That is mercy. Not only did he save us, He deposit His nature in us upon receiving salvation, That's Grace. Thing is we have to be retrained through the Word of God and the leading of the Holy Spirit to get our soul(mind, will, and emotions) to line up with who we really are in the spirit. That is the fight that the devil uses through the flesh to try to keep us bound. However, the Word of God is able to cut and is sharper than a two edged sword piercing and dividing soul and spirit (Hebrews 4:12)so that you can make a decision to follow the spirit and not your flesh. The Holy Spirit empowers you when you pray for help. See, God has it all planned out for our success! Praise the Lord. I have Divine DNA0 of 0 people found the following review helpful. DNABy John R. MccannThis book was encouraging and easy to read. I found only one grammar error on page 46, "you have to retrain you (your) will to act or to decide". I like that Pitre used the word "sadly" instead of "unfortunately" which denotes random occurrences. I saw Isaac Pitre on the Trinity Broadcasting Network with his book, "The Divine DNA". I had written a book with the subtitle, "Faith is the DNA code of God and Robotics is an analogy of this Rare Spiritual substance in motion on the earth." I ordered Pitre's book to make sure I would not be accused of copying. Pitre's book deals with peace and prosperity on earth through stepping out in faith to establish the will of God similar to what Adam experienced before the fall. I believe this will be accomplished when Jesus returns to set up His Kingdom. I do not have an issue with Christians having wealth, but I do not see this as being controlled by the Christian. The apostle Paul is an example of suffering loss (see Phil. 3:8). Material blessings happen to both the good and the evil. Pitre believes that the unbelievers have wealth due to passive Christianity. "Sadly, we have allowed those who refuse to serve the Lord to possess the majority of earthly treasures, while we as the children of God sit back and act as if we don't have a right to these things of value." (page 100) After reading Pitre's book, I felt comfortable that I will not be accused of copying.0 of 0 people found the following review helpful. A Must Reading!By Jazzy JediA great, informative, concise reading. Precise study for any Christian. It is written in easily understood layman's language with scriptural validation.

This book will give you an exciting new perspective on how Gods blueprint of life has been placed into both your physical and spiritual being. Even more, you will discover how, as a born again believer, you have a genetic heritage that transforms you into the image of God. As you will learn, the Creator has placed sacred strands of His being into you, waiting to be activated. His touch can transform your emotions, quicken your mind and heal your physical body. Says author Pitre, I want to show you how receiving Christ stamps His DNA on your very soul and gives you His lifechanging characteristics.
