**\*BRAND NEW FOR 2015\*** The Easy All Grain Brewing Guide teaches you how to brew quality beer in your own home using simple and traditional methods. Using basic equipment you can learn to brew amazingly hoppy pale ales, beautiful bitters and velvety chocolate beers all for less than 20p a pint. This book describes the whole all grain brewing process, from Sterilisation to Mashing, Sparging, Boiling, Cooling, Fermenting and Bottling With full colour photos of the process and equipment, plus a range of recipes to follow. This book is a must buy for any budding home brewer. Why should you buy this brewing book? It's designed for both casual and serious brewers who want to brew small batches (10-12 litres) in there own home domestic kitchen It will save you money! The average bottle/pint of craft ale is pound;3-pound;4. This book will teach you to brew 17-18 pints of your own craft ale for just pound;3.50! If you stopped buying expensive shop bought beer, you could save hundreds of pound;pound;pound;'s a year! This book is ideal for beginners with no experience in home brewing. It explains every step of the process in detail + photos so you can easily follow it and produce great tasting beer. This book also lists exactly what equipment and ingredients you need and where you can buy them in the UK in 2015. Happy Brewing!
