He loves to read and he loves beer!4 of 4 people found the following review helpful. Well-researched, smart and entertaining readBy A CustomerGreat book! Fascinating historical anecdotes, extensive descriptions of various craft-breweries and beers, and terrific photographs make for a fun and informative book. This is a must-read for anyone with a strong interest in beer...interest beyond gargantuan plastic mugs and flaccid, aluminum-flavored, fraternity party kegs of 'weak-weiser'!3 of 3 people found the following review helpful. Two thumbs up!By A CustomerTurns a novice beer drinker (me) into a beer connoisseur! I consulted the guide before my last vacation and ended up at a great new brewery in my home town. It'll be a great holiday gift for my beer-guzzling friends!

A reference guide for connoisseurs.
