From Brand: Thunder Bay Press (CA) : The Essential Baking Cookbook (Essential Cookbook) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Essential Baking Cookbook (Essential Cookbook):

1 of 1 people found the following review helpful. Comprehensive Baking Book By Meg G The Essential Baking Cookbook is exactly what it says. This book begins with a history of baking, then continues with a glossary of baking terms so that a newcomer to baking can understand what recipes are talking about. This necessary information is followed by a few pages of color photographs and a list of baking utensils ranging from the good old wooden spoon to specialty baking tins. The recipes cover many recipes from bread and savory pies to the fanciest of cakes. The recipes are easy to follow and use everyday ingredients. This is the first cookbook I have seen that has What Went Wrong?

sections. These show photographs of what the finished products should look like along with photographs of what the products look like when the baker has made a mistake somewhere. And, yes, the mistakes are identified and additional tips help both novice and experienced baker to improve their skills. Photographs are excellent and just beg the reader to get going! 1 of 1 people found the following review helpful. great cakes By Graham Badrock I have found this book to be very good and easy to follow, each section has photos of how things should look as well as how they look if things go wrong very helpful if you are not sure. I have cooked several recipes so far with out a problem my favorite is the mandelins. I am going to try some of the bread recipes next and I am sure they will be great! My son and I are opening a cafe in Bright and will be using some of these reicipies the Orange and Poppy seed cake with cream cheese frosting will be one I am sure. 0 of 0 people found the following review helpful. Five Stars By Customer The best baking book ever 3rd time we bought it

The Essential Baking Cookbook offers hints and notes on unusual ingredients, while step-by-step photographs guide the reader through many tricky culinary techniques. Included is a comprehensive pictorial guide to essential equipment with detailed instructions on the best ways to use and maintain them. Preparation pages with step-by-step photographs and easy-to-follow instructions explain different methods that make this book perfect for bakers of all ages and abilities. Beautifully photographed glossaries show unusual ingredients and food varieties with their common and not-so-common names. Snippets of history related to the dishes add interest while colorful double-page features provide a wealth of information on buying, storing and preparing some of the more unusual ingredients. Over 500 full-color photographs are featured.
