**Periplus Editions : The Food of Australia (Periplus World Cookbooks)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Food of Australia (Periplus World Cookbooks):

Each book in the "Periplus World Cookbooks" series contains 60 to 90 classic recipes from an exotic corner of the globe, and every recipe is illustrated in full-page colour photographs. This volume presents step-by-step instructions for recipes from Australia, with tips for preparations in Western kitchens. Essays on local food cover everything from dietary healing to ingredients, techniques and utensils.
