By Mary This book is very easy to follow. So, we are able to prepare some much-loved Chinese dishes at home, and we can avoid the carry-out. My son, (22 y.o.) who loves to cook, uses it very successfully and frequently.

By Wendy Williams Beautifully presented book with recipes that all work. Easy to follow and so so tasty. Absolutely love this book.

Each recipe is photographed as it is made, and is accompanied by pictures of techniques, equipment and ingredients, while stunning photographs shot on location in each country evoke their distinctive colour, cultures and histories. Explore one of the world's great cuisines from the Peking duck restaurants of Beijing, to the kitchens of Shanghai, through the tea gardens of Hangzhou to the dim sum chefs of Hong Kong.
