Gordon Lynn : The Golden Book of Camping and Camp Crafts: Tents and tarpaulins, packs and sleeping bags, building a camp, firemaking and outdoor cooking, canoe trips, hikes, and Indian camping before purchasing it in order to gage whether or not it would be worth my time, and all praised The Golden Book of Camping and Camp Crafts: Tents and tarpaulins, packs and sleeping bags, building a camp, firemaking and outdoor cooking, canoe trips, hikes, and Indian camping:

4 of 4 people found the following review helpful. Old Fashioned Camping and Survival BookBy PDI can remember reading this book as a teen and becoming involved in camping with my buddies. The survival section was spot on about making shelters and cooking utensils. We had a very large lake with islands near us and we'd do island survival camping in the summer. This book was invaluable in keeping us from sunburn and insect bites. Now that my son is a Boy Scout he's actually used this with some of the other scouting guides. I haven't seen anything comparable today. It's a collectors piece.1 of 1 people found the following review helpful. or anything like that (yayBy Customerwhat I expected. not the 'best'. they advertised that it was a previous library copy and there are signs of that, but only on the spine; nobody penciled inside, or anything like that (yay!)2 of 2 people found the following review helpful. One of my

favorite camping books By clayton sprague I had this book when I was a kid and spent hours and hours reading and learning. I love the pictures and how useful it is in its simplicity, and how easy of a read it is with for any age. I'm probably a little biased with sentimentality but it is definitely a very good book and although a little dated much of the basics of camping really haven't changed that much.
