Alisdair Aird, Fiona Stapley : The Good Pub Guide 2011 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Good Pub Guide 2011:

0 of 0 people found the following review helpful. An Indespensible GuideBy Loving Grand-dadI have used the Good

Pub Guides for many years and regard them as an essential part of my hand luggage on any trip to the UK. Pubs are organized by each county in England, Wales and Scotland. Longer entries, two or three pages each, give excellent descriptions of outstanding pubs in each area. This is followed by short paragraphs on other pubs. Included are some which are primarily inns, some which are primarily restaurants, and some which are just simple village gathering places. Sample prices are given, and directions are given when needed. There is also usually some indication as to why this particular pub is chosen for inclusion. If you are going to travel in Britain on your own, you need this.

Now in its 29th year, the definitive reference provides details on more than 5,000 of the very best pubs

"Easily the best."nbsp; mdash;Time Out
