Alisdair Aird, Fiona Stapley : The Good Pub Guide 2013 before purchasing it in order to gage whether or not it would be worth my time, and all praised The Good Pub Guide 2013:

0 of 0 people found the following review helpful. You really can't travel around without this bookBy Wishful

Dreams - Tim Townsend
In 1989-91 and perhaps later, this book was the only good guide to "restaurants" because standalone restaurants were rarely seen in the countryside. Unless you had a hard desire for the dreaded "ploughman's lunch" (in most pubs) and your only focus was on the brew this is an excellent guide. Moreover, however, if you really want real food to eat and want a place where children are accepted, this book is your best bet! There are many pubs in the countryside with excellent food, but you need this guide to find them. All villages must have a pub and most have a poor excuse for food (if that's what they call it). I like the guide in e-book format as it is big!
0 of 0 people found the following review helpful. It's a Good Pub Guide, indeed
By Loving Grand-dad
I've used the Good Pub Guides for years - and have contributed a number of times. It is, by far, the best guide for finding good places to eat and stay in the UK. The reviews are accurate, unbiased, and helpful. I bought this edition on Kindle which is obviously easier for traveling, but more difficult to search and navigate. I wish one could search by tapping in the town location. Doing that gives you many hits from places miles away which use the same word somewhere in the article. Both Kindle and print have their advantages. I have the 2012 edition in print and use both for planning, but guess I'll take just the Kindle with me to save space.

electronic edition needs work
By tribecatommy
We used this book all over England to find great pubs with great beer and even stayed in one of the recommended pubs in the Lake District. My main complaint was that the Kindle function --at least on my iPad-- made the electronic version difficult to use. For example, if you are reading a review and click on a link to get to a map there is no easy way to get back to the page you are reading. This made it very difficult to locate a pub that was in a particular area. 5 stars for content, if you like pubs. And who doesn't?

Once again organized county by county, The Good Pub Guide is as invaluable as ever. Its comprehensive yearly updates and countless reader reports ensure that only the very best pubs make the grade. Here you will find classic country pubs, town-center inns, riverside retreats, historic gems and exciting newcomers, plus pubs specializing in food, malt whisky, or own-brew beer. Find out the top pubs in each county for beer, dining, and accommodation, and discover the winners of the coveted titles of Pub of the Year and Landlord of the Year. Packed with information, The Good Pub Guide 2013 is a fund of honest, entertaining, and indispensable information. Whether you are planning a night out, a weekend away, vacationing in the UK, or looking for a local pub, Alisdair Aird and Fiona Stapley have it covered.

"Invaluable." mdash;Sunday Telegraph
nbsp;"Britain's most indispensable book." mdash;Oz Clarke
