Hilaire Walden : The Great Big Cookie Book: Over 200 Recipes for Cookies, Brownies, Scones, Bars and Biscuits before purchasing it in order to gage whether or not it would be worth my time, and all praised The Great Big Cookie Book: Over 200 Recipes for Cookies, Brownies, Scones, Bars and Biscuits:

1 of 1 people found the following review helpful. Five StarsBy DennisGreat cookie book, love it.1 of 1 people found the following review helpful. What a findBy Kathleen A. SauersI was waiting in a doctor's office and they had this book there to peruse. They also had recipe cards so that you can copy a recipe from a magazine or cookbook (great idea). I love to bake and found amazing recipes and was curious afterward if this book was still in print. had it and what a find. It has great hints for decorating, storing, great resource for any baker's kitchen. I'm thrilled and the copy I

recd was literally brand new for a fraction of the original cost.6 of 6 people found the following review helpful.
ALAS...BETTER CHECK THIS FROM THE LIBRARY BEFORE YOU SPEND YOUR MONEY.By D.
BlankenshipBeing one of those people who never met a cook book that he did not like, I must admit that I was somewhat dismayed when I checked this one out from the library...twice no less, and found that both sessions with this work yielded dismal results.Now this is a petty book; truly a wondrous thing. The photographs of the baked goods presented here are absolute mouth-watering. I am a complete pushover for cookies and my wife and I have spent many years collecting recipes and books on the subject, and have indeed "invented" a few ourselves. When I first brought this book home, we tried the snickerdoodles and the brownies. Both were an absolute embarrassment; an assault on our pallet, and certainly unworthy of serving to friends and family. The second time we tried a number of the fruit bars featured; again it was a disaster!I nor my wife claim to be cookie experts by any stretch of the imagination, no, no, no! But on the other hand, after baking such goodies for well over 60 years now (that is like 120 years of cooking baking experience between us, we cannot be considered beginners either, nor did either of us just fall of the turnip wagon when it comes to cooking...any sort of cooking. We know how to follow a recipe. We also know unworthy cookies when we lay a tooth to them.This book includes directions as to how to make cookies, brownies, scones (the scone recipes here are horrid), fruit bars and biscuits. The book is filled with baking tips and covers equipment needed, the pantry, measuring techniques, mixing, rolling, cutting, shaping tuiles and cigarettes, piping, decorating techniques, storing and gift wrapping.The photographs are great.The number of cook books addressing cookies and such probably number in the thousands. In our collection alone we have at least 35 books devoted to just this subject. If you are going to spend your hard earned bucks on a book, then I suggest you look further than this offering. It is a pity, as there was a tremendous amount of work that went into this thing.It pains me to tell you that I cannot recommend this particular workDon BlankenshipThe Ozarks

Home baking is never so easy or enjoyable as when making your own cookies, and one of the greatest pleasures of life must be sampling them warm from the oven, crumbling with goodness and taste. Infinitely varied, simple to make and delicious to consume, homemade cookies will always be a treat. This is the complete book of cookie recipes with confections for every occasion and taste. The first chapter is devoted to traditional cookies, recipes handed down and enjoyed by generations: Granola Cookies, Melting Moments, Apple Sauce Cookies, Peanut Butter Cookies, Buttermilk Biscuits and Double Chocolate Cookies. Festive occasions include an international element with Baklava, Jewish Cinnamon Balls, Tuiles d'Amandes and Mocha Viennese Swirls. With chapters on savory cookies, brownies and bars, and scones and muffins, together with a special selection of recipes for kids to enjoy, this book covers every kind of cookie imaginable. A comprehensive introduction to the recipes gives valuable hints and tips on storage, equipment, weighing and measuring ingredients, together with all the basic baking techniques used in the book. Illustrated throughout with photographs of every recipe, together with step-by-step instructions and pictures, this irresistible compendium is the only cookie book you will ever need in your kitchen.
