Helen Glassman, Susan Postal : The Greyston Bakery Cookbook before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Greyston Bakery Cookbook:

2 of 2 people found the following review helpful. Great things come in Smaller Books By Lindy Loo Who This review is for Greystone Bakery Cookbook by Glassman Postal. This is a paperback small book, make sure to check the dimensions when buying. No color photo's either...however the GREAT thing about this book are the recipes. Definitely a keeper. The chocolate Mousse Cake was amazing. YUM ! The recipes are easy to follow and to make. The PoppySeed Danish was another very Yummy treat too. There are seven sections to this gem of a book. It goes from Breakfast and Brunch, to Bread, to Pastries to Cookies, to Tarts and Pies, to Cakes, and to Chiffon Layer Cakes. The only reason why I did not give it 5 stars, is because it did not have color photo's, instead just of a few sketches. I'm glad I bought this book. 0 of 0 people found the following review helpful. Best chiffon cake recipes By greg case Wonderful desserts and pastries, recipes are dependable and inspiring. 1 of 1 people found the following review helpful. Superb Book! By Rosemary Srebalus The recipes in this book are quite accessible to the home cook, and every one we've tried has been superb. The underlying ethic of the Greyston Bakery, and its social/environmental work through the bakery are inspiring. A great book to read by the fire as well as to provide outstanding baked goods.

Eighty easy-to-prepare, gourmet recipes from one of New York's premier bakeries. Now you can create the same delicious cakes, cookies, and breads that are made at the Greyston Bakery and distributed by such discriminating

outlets as: --Bloomingdale's, --David's Cookies, --Guggenheim Museum, --Macy's, and --Russian Tea Room.

From Publishers Weekly Glassman and Postal of the Zen Community of New York's Greyston Bakery, a supplier to Godiva, the Russian Tea Room and Bloomingdale's, take on the home kitchen with panache in these fine adaptations of specialty recipes. The generous offerings range from wholesome country favorites (honey-sweetened whole-wheat muffins, deep-dish apple pie, seven-grain bread) to European regional pastries (rugelah variations, raspberry linzer tarts) and hedonic chocolate fantasies (mocha Kahlua brownies, Winter Damask cake made with white-chocolate rum mousse, Grand Duchess cake soaked in Grand Marnier, glazed in bittersweet chocolate and studded with filberts). Lucid, detailed instructions accompany an engaging, informative text; tips for preparing pastry and bread dough are invaluable; and artistic bakers will welcome ideas for elegant finishings and holiday decorations.
