A book like the content.....to tickle the tastbudsBy William R CooplandWhat could be better than a nice piece of Melton Mowbray Pork pie from that town of the same

name in rural Leicestershire, England. The book has it all, the history, the Photographs and best of all the recipes and method of "hand raising" your own pork pies. Buy it and try it and you will be able to eat more than your words.

This addition to the "Britain in Old Photographs" series brings together a collection of black-and-white pictures spanning the late 19th and early 20th centuries. Drawn from family albums, local collections and professional photographers, they show the way things were and how they have changed. Every photograph is captioned, providing names and dates where possible, revealing historical and anecdotal detail and giving life to the scenes and personalities captured through the camera lens. Bringing together all aspects of daily life - celebrations and disasters, work and leisure, people and buildings - the collection should inspire memories, as well as serve as an introduction to visitors.
