Along the way though I developed my own style. I boiled down what I learned and moved it indoors. I've developed designs that can be used right in the comfort of your own kitchen or out back in the woods! The truth is that Moonshining, aka "Home Distilling" is a folk art that helped build this country. Together we can make it live again, and have a little fun in the process! "But isn't this dangerous" you ask. Cooking up spirits isn't any harder than properly roasting a Thanksgiving turkey. In fact it's so easy that a redneck like me can do it. And folks if I can do it, then imagine what you might be able to create! Imagine the holidays when you pull out your own special label. Think of the drinks and dishes you can concoct. Open up a whole new world of creativity and step into the hobby that is truly one of the founding traditions of our country. There are dozens of reasons why people look into home distilling. Maybe you are looking for a new culinary branch to explore, maybe you just like the idea of knowing how to do things for yourself, perhaps you just like to keep the old ways alive or maybe you are just tired of our government telling us what we can and can not do! In this book I will show you how easy and safe this hobby really is. This book is designed for the beginner distiller and I take the time to introduce you to all the concepts of distilling that you need to get started. One of the great things about distilling is that you can keep it simple or as complicated as you could possibly want. This journey is all about where you want to take it. Please be advised that this is for informational purposes only. After you read this you will understand just how easy it is to make your own Moonshine, Whiskey, Vodka, Rum or even alternative fuels. Then once you understand how easy this is, how safe and how stupid the laws that restrict this are, then you can contact your congressman and/or senator and tell them to repeal the laws that are only in place to protect big businesses. Believe it or not there are Moonshiners everywhere, we have a grand tradition that goes back to the first settlers. Many historians will even tell you that it was moonshine that built this country! It's time to take back our heritage. Thank you for your support! Jeff King Moonshiners Unite! *Note that all books published by FOI Publishing are DRM FREE as well as MATCHBOOK ENABLED. What is MatchBook? MB is a program in Amazon where, if the publisher enables it (And we have!), you get the kindle version for a discounted price. How discounted? Well at FOIPub we think FREE is the right answer to that question. Our view is that you have purchased a "License" for the book. You paid for it right? Then who are we to say when and how you want to enjoy your media. Paperback or eBook, we don't care, read it however you want. That is why all FOIPub eBooks are now 100% when you buy the paperback! It is also why there is no DRM (Digital Rights Management). DRM is used to stop people from copying media from one device to another. Mainly to stop media pirates from stealing an author's work. Our take at FOIPub is that we don't just assume that our readers are thieves like some publisher do! And let's face it, honest folk will pay for good content and thieves never were going to pay for it in the first place. It's why we call them thieves right? So if you are a customer please know that we honor and respect your choice to pay for our content. If you are a thief, what can I say, hope you like your Karma!
