notes from prior batches. When he finishes it up, we'll likely get it again. 1 of 1 people found the following review helpful. Good for beginners
By Thomas Morse
As a new homebrewer, I wasn't sure what sort of things I needed to be checking/recording. This book is very useful in that regard. It isn't simply blank forms to fill out, though it has those; it also offers helpful advice and samples on how to document your brewing endeavors. Again, very useful.
0 of 0 people found the following review helpful. Great tool for the home Brewer.
By Cathleen S.
Nice easy to use. My husband kept leaving all his recipes all over the place. It's nice to have them all in one place.

Keep track of every brew!
Whether you enjoy a crisp ale, creamy stout, or robust porter, there really isn't anything as satisfying as a homebrewed pint. However, creating that perfect blend of flavors takes a lot of trial and error, so you have to make sure that you're prepared for everything that comes your way during the homebrewing process. With *The Homebrewer's Journal*, you will be able to perfect each and every batch. You'll track your progress and keep accurate records of the most important aspects of homebrewing, like:
The ingredients used throughout the process
The type and timing of each hop addition
Fermentation times and temperatures
The yeast type, the amount pitched, and the age of the culture
The age, appearance, smell, and taste of each batch
Now, you'll always have the information you need to re-create your favorite batch and avoid running into the brewing mistakes of the past. Complete with ten beer recipes for inspiration, *The Homebrewer's Journal* helps you explore your homebrewing skills and develop the ultimate beer!

"Amazingly detailed brewing journal that covers every detail of the process. I'd challenge to find something that was overlooked. This book will no doubt become an essential tool in your homebrewing." - National Barbecue News
About the Author
Drew Beechum, author of *The Everything Homebrewing Book*, has been brewing for more than a decade and has won numerous medals for his beer. He was the president of the Maltose Falcons, America's oldest homebrewing society. Mr. Beechum's wo
