Purchased as a Christmas gift for my father-in-law who has been brewing his own beers for quite a few years now so I was worried that he wouldn't appreciate the recipes a whole lot but he flipped through it after un-boxing it and he was quite intrigued by a few of the recipes just at first glance. Great present for anyone already home-brewing or anyone who wants to get into it. I only wish that it was available in hardcover.

By Clark P. Rector
The people who wrote this book had a fun time doing it! I give the book a 4.9 star rating because it seems that for a lot of the recipes, they only brewed it once before including it in the book. Therefore, there's a chance that some of the recipes have room for improvement. But like the authors say, it's never the exact same batch twice, and changing the recipe to your liking is part of the fun. Otherwise, this is an awesome resource. There are all the classic beer styles including meads, ciders, lambics, Christmas-time ales, and some yummy-looking food recipes as well. The tips are quite helpful too. But if you don't know how to brew, you should learn how to do that first (I like Papazian's The Complete Joy of Home Brewing). That's all for now.

Great beers to make at home, including more than 175 original beer recipes ranging from magnificent pale ales to ambers, stouts, lagers, and seasonal brews, plus tips from master brewers. If you're into homebrewing, then you know that you can never have enough recipes. Among the original recipes are: Any Pub in London Bitter, a classic ale with a strong hop flavor; Viennese Spiced Porter, a rich creamy porter with a hint of vanilla; Golden Pils, a beer less dry than the classic pilsner; holiday and seasonal beers like Firecracker Red (with its cinnamon kick), the Great Pumpkin Ale, and Holiday Prowler Beer - the perfect gift; Brewery Copycats - recreate your favorite tastes; Foods featuring homebrew as an ingredient, like Red-Hot Rack of Ribs, Frijoles Borrachos, and classic Oatmeal Beer Bread.
