Terrific book, have tried many of the recipes and all work really well. Instructions clear and the tips throughout make it straightforward. Current favourite are the raspberry trifle cupcakes.

If you only ever buy one cake book this has to be it! I have made cupcakes in the past but they've never been amazing. I just made the sticky toffee cupcakes and I'm absolutely amazed everyone of them is perfect, light and they taste amazing. I have never been moved enough by a book to write

a review but this one is certainly it. I bought it on kindle to read on my fire - the pictures are perfect and its easy to read. Next to make are the gingerbread cupcakes although maybe could be chocolate, there are so many beautiful but seriously easy recipes here. I have a kitchenaid so i suppose its just 'point and go' but it really was super easy with delicious results. Thank you Hummingbird Bakery.
