**Pepperbox Press : The Illustrated Directory of Beer** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Illustrated Directory of Beer:

0 of 0 people found the following review helpful. fun beer book great gift By Luna Toka The pages are good quality and the images/pictures are bright and clear...great tabletop/coffee book for any beer lover. wish there was a little more about USA brews but other than that a really fun gift. Side note...dust jacket could be a little thicker material b/c it shows damage quite easily as where the book cover its self is very sturdy. 0 of 0 people found the following review helpful.
