Meg Avent : The Little Book of Biscuit Cookie Tips (Little Books of Tips) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Book of Biscuit Cookie Tips (Little Books of Tips):

0 of 0 people found the following review helpful. Foiled by British EnglishBy P. BakerProbably my own mistake (since I was looking for something small to purchase to get free shipping)...I was disappointed to get a book of hints to bake cookies since I was expecting the American definition of "biscuit" (a bread like dinner roll). Oh well, I've donated it to a free library in the neighborhood...hopefully someone else will like it.

The Little Books of Tips series is a collection of books, each 50 tips in size, delivering wisdom and advice on a whole range of popular subjects covering food, gardening, craft, sports and hobbies. Over quarter of a million copies sold across the series. With tips on creating classic favourites such as Viennese whirls through to advice on cookies, macarons and savoury bites too. Baking lowdowns on how to create the perfect gift for sweet-toothed friends.
