Some of the receipts were hard to follow but if you have time there are ok. There are no pictures of what the scones would look like. Each receipt has a song you can listen to while you make your scones. Tea Time Magazine has great scone receipts if you love scones. 0 of 0 people found the following review helpful. I gave a four star because it would have been nicer with photos but I am enjoying the recipes. Very easy to approach and final product has been husband and toddler approved. 1 of 1 people found the following review helpful. I like it, but it is small and the print ...
