**Murdoch Books : The Little Chinese Cookbook** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Little Chinese Cookbook:

The Little Chinese Cookbook explores the ways in which geography, climate, culture and tradition have shaped one of the world's most popular cuisines. It takes a look at the behind-the-scenes world of growers, artisans, chefs, and home cooks, whose passion for produce is reflected in the regional styles and flavors of China's rich and varied food. More than 80 recipes including street food, seafood, dim sum recipes, hotpots and desserts.
