The simple recipes are the core heart of the American baking. I've tried many other recipe books, from fancy to strange, but always come back to the home sweet home, the Little Pie Company's pies. Excellent book for beginners too.0 of 0 people found the following review helpful. So many pies and crusts!By Zola R.Found a great pie crust recipe finally! Excellent Purchase!By Ava Maria CarlottaThe actual condition of the book far exceeded my expectations regarding. I have wanted this book for a very long time so I was happy to have found it to purchase. The recipes are amazing. I was a customer of The Little Pie Company of the Big Apple for 14 years when I lived in NYC. Happy to read the recipes and to try out some as well.

A nice addition to the cookbooks in the kitchen, The Little Pie Company of the Big Apple: Pies and other Dessert Favorites, compiles "American favorites" --comforting, sweet combinations, many of them fruit that will remind you

of fall days or that spring one, when the rhubarb was ready for picking. When you undertake these simple recipes, envision the expressions of the two bakers on the logo of the Little Pie Company. The roundish fellows, in chef's attire, but with whimsical, pointed wizard-like slippers, are each holding an apple in his hand and contemplating it with a bemused, gentle look on his face. Clearly, for these bakers, the anticipated pleasures are limitless. So, they hope, will you find the pleasures of this book.
