WilliamsI bought this book many years ago when it was first published. It gives step by step instructions to create fantastic dishes. This edition does not have any illustrations, but the directions are thorough enough.1 of 1 people found the following review helpful. Best Wings EverBy A CustomerA simple no frills book with some succulant recipes for the beginner chinese cook working to make a statement for a chinese dinner party. Excellent illustrations help the reader through the preparation process. Could have been 4 or 5 stars with more extensive content.

This book is in good used condition!
