Jennifer Ranger : The Muffin Tin Gourmet before purchasing it in order to gage whether or not it would be worth my time, and all praised The Muffin Tin Gourmet:

7 of 7 people found the following review helpful. One of the better cookbooks in ebook formBy FoodLoverThis cookbook has some really good recipes: easy and very tasty, plus nice colorful photos for each. Sometimes I end up a little disappointed with electronic cookbooks, but not with this one. It's well formatted, not jumbled, and the recipes taste as good as they look! I'm quite happy with this purchase!3 of 3 people found the following review helpful. Yawn - lacklusterBy M. DerrI was really hoping for something super creative and new with this book but was disappointed since I have seen most of these ideas in food columns and other venues... not impressed.I have made up better things spur of the moment (unplanned) in my own kitchen at home with no recipe. There was not one thing I would consider 'gourmet' in this book... more for feeding children I would venture to say.0 of 0 people found the following review helpful. Five StarsBy PreshuzGurl:)

You don't have to be a gourmet to cook like one! The humble muffin tin holds the key to creating a vast variety of impressive and nutritious breakfasts, lunches and dinners, as well as appetizers and sweets galore. You'll be amazed at what you can create with just a few commonly available ingredients, and *The Muffin Tin Gourmet* at your side!

About the Author Author Jennifer Ranger was born and raised in the rich multicultural community of Southern California. Her love of people, languages and various world cuisines shines in her cookbooks and colorful bilingual children's books. Cable viewers will remember her as the producer of *What's Cooking?*, and children will recognize her as "The Story Lady" from her many popular Storytime Online webcasts. You can visit Jennifer every Friday night via her live music webcast from 8:00 - 10:00 pm Pacific time at www.SoKattywampus.com
