Five StarsBy Conrad BaumgartnerMore than expected!2 of 2 people found the following review helpful. GREAT Indian cookbook!By CustomerI originally bought this book at a flea market for \$2. It was worth every penny. I had about 30 bookmarks in it and there was only recipe I tried that I didn't like. In fact, the food is so amazing that I tried to email Manisha to tell her but couldn't find her email address. I'm mad, mad, mad for Indian food!!! When my cat trashed the book, I was devastated. I was delighted to find it here on for a decent price but I would have paid full price for it.
