**Ron Herbst : The New Wine Lover's Companion: Descriptions of Wines from Around the World** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The New Wine Lover's Companion: Descriptions of Wines from Around the World:

0 of 0 people found the following review helpful. Five Stars By LeKlassNice update on International Wine references  
1 of 1 people found the following review helpful. Solid alphabetized wine reference book By Ben Hammer A great, easy to use, alphabetized encyclopedia of key wine terms, geographies, vineyards, etc. A solid go-to quick reference. 1 of 1

people found the following review helpful. Outstanding resource  
By Mordecai Jones  
If you only have one wine book, this is it! We have studied wine for 30 years and every time we have a question this book has the answer.

Everything you need to know about buying, ordering, and serving wine! Enlarged and updated with information about the myriad changes enacted by the European Union over the last few years and their effect on member nations, newly flourishing wine-growing regions, enhanced coverage of viticultural practices, and additional wine making terms, The New Wine Lover's Companion informs, advises, and enlightens readers with approximately 4,000 entries that describe wines produced all around the world. The A-to-Z entries describe grape varieties; wine styles; wine growing regions; wine making techniques; wine-tasting terms; sizes and styles of glassware, wine bottles and wine openers; optimal temperatures for serving different wines; and much more. The original edition of this book was hailed by Jurgen Gothe of the Vancouver Sun as "the best new wine book in more than a decade." and this new edition is better than ever. One of the many qualities that has made The New Wine Lover's Companion so popular is its accessibility. No wine snobbery here. The author serves up solid information about vintages, varieties, and which wine goes best with which food in a relaxed, conversational style that doesn't intimidate readers. Following the A-to-Z entries, additional advice and information includes Tips on buying wine Ordering wine in a restaurant Understanding the information on wine bottle labels Opening and serving wine at home How to store leftover wine . . . and much more Here is everything worth knowing about buying, storing, serving, and enjoying the world's most civilized beverage?wine! Includes extensive appendices, charts, a glossary, and a bibliography.

"Now in an updated fourth edition, The New Wine Lover's Companion is a user-friendly reference to the world of fine wine, with alphabetical entries covering everything from "alluvial soil" (a type of soil prized in the viticultural world for the flavorful grapes it produces) to "Zinfandel" (a red-wine grape grown primarily in California). Charts and tables, guides to storing and serving wine, a bibliography, and much more round out this superb resource. Highly recommended, especially for anyone curious to learn more about the depth of wine culture."—The Midwest Book About the Author  
Ron Herbst holds a degree in Hotel and Restaurant Management and spent the better part of a decade working in various restaurants around the country. He is the co-author of three critically acclaimed books with Sharon Tyler Herbst, including "The New Food Lover's Companion," which is currently featured on the Food Network's website as their go-to food reference guide, "The Deluxe Food Lover's Companion," and "The New Wine Lover's Companion," all published by Barron's.
