Bubba Rose Biscuit Company : The Organic Dog Biscuit Cookbook Kit before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Organic Dog Biscuit Cookbook Kit:

I have made two of the recipes and my dogs love them. There is a great variety of recipes to try. I will make them all by the end of this year. The book has tiny cookie cutters with it too. I only wish the book was bigger and easier to read. 0 of 0 people found the following review helpful. Recipe book too small! By Janet Didnt realize this book was so tiny - would have looked for a normal version. I have to use magnifying glass to read the book. The biscuit cutters were a plus, just wish the recipe book was bigger. 1 of 1 people found the following review helpful. TINY Book + TINY Cookie Cutters By L. Brown I was surprised to find that this book is TINY (as are the included cookie cutters). The book itself does indeed include 35 doggie biscuit recipes that appear fairly simple to make. Overall okay product. Probably best for the dog parents of small to tiny sized dogs. The biscuit size works well as 'training treats' for my golden retriever.

The perfect gift for dog-loving friends and family members! The Organic Dog Biscuit Pocket Pack is a great collection of select recipes from the Bubba Rose Biscuit Company. Guaranteed delicious for dogs, the recipes are also free of wheat, corn and soy, but full of yummy and nutritious ingredients like peanut butter, fish, and lean meats. Best of all, they're super-simple to make. Includes a cookie cutter
