Gordon Rock : The Panini Press Cookbook: The Only Panini Recipe Book You Will Ever Need to Get You Started before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Panini Press Cookbook: The Only Panini Recipe Book You Will Ever Need to Get You Started:

2 of 2 people found the following review helpful. and kind of thought this would just be a pretty "obvious read" By T.

Johnson I never expected to see such a variety of recipes, and kind of thought this would just be a pretty "obvious read". I was definitely wrong. Most of these combinations I had never heard of before, but they have a really excellent building of flavor. I tried the chocolate and peanut butter panini, and it is almost like eating a warmed up reese's cup. The ham and pear as well as the ham and pineapple are the perfect mix between sweet and salty, and there hasn't been a dull sandwich night since I decided to get this book. You definitely won't get bored of this one. 0 of 0 people found the following review helpful. First impression not positive but then reviewed cookbook again and ... By DSP First impression not positive but then reviewed cookbook again and upgraded from one star to two ... what's there seems okay but there's just not many recipes in the book. 0 of 0 people found the following review helpful. Five Stars By John Z. Great recipe book. Good buy

The Panini Press Cookbook: The Only Panini Recipe You Will Ever Need to Get You Started is the book you need to fire up those Panini grills that your Italian grandmother has gifted you.
