A ClassicalBy Humberto BolanosSince I found this book in the 80's, it has been for me an invaluable source of inspiration, knowledge, and professionalism from Mr. Sultan. It covers the whole range of products in the Bakery, from Bread to laminated doughs, from Premixes to frozen products, from cookies to english muufins, almost everything you want to learn you can find something in this beautiful book. Practical Baking from the same author it is also very good, but in this case is more for professionals and people interested in producing high quality products. Using Butter instead of margerine or shortening, using yolks instead of whole eggs, etc.I have purchased this book many times because I like to give it to baker friends as a present. I recommend it for sure.Thank you Mr. Sultan0 of 0 people found the following review helpful. Teaching book reviewBy Alan R. KiretaThe book arrived in a timely manor, it has everything I wanted and more.The book arrived in good condition, it is also a good teaching aid to the home baker.I am very pleased with the purchase of the book.THANK YOU.0 of 0 people found the following review helpful.
