It has a lovely introduction that explains about types of teas and the history of tea. Lots of great recipes that I am eager to try. My one complaint is that there is an image pictured on the cover that doesn't exist in the book (I searched

for it because I wanted to make it).4 of 4 people found the following review helpful. Amazing Tea Time Book!!! By Barbara J. HainsworthI own several dozen cookbooks on the subject of tea time and/or tea parties, and this one is by far my "go to book" and favorite to peruse for inspiration. It has an abundance of gorgeous appetite enhancing photographs. It is quite large in volume of pages, and dimensions, by customary tea time book standards. Well worth the price!!! 1 of 1 people found the following review helpful. Lots of great photos of the foods and tons of great recipes ...By catAnother one well worth the buying, IMO!
