Robert Arlett : The Pizza Gourmet before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pizza Gourmet:

0 of 0 people found the following review helpful. Great Pizza RecipesBy ToniI had this cookbook several years ago and lost it. I found this copy and jumped on it. I love the basic pizza dough recipe. Some of the best pizza recipe and ideas are available.0 of 0 people found the following review helpful. The Pizza GourmetBy Constance GeorgeI have looked a loooong time to purchase this wonderful book.1 of 1 people found the following review helpful. Good recipies...agree with previous reviewer...poorly writtenBy BeammeupscottyThe recipies faithfully recreate the dishes created on the PBS series. I have made several of his pizzas and calzones and they turn out very well. BUT...the writing style of the book is very annoying...sometimes to the point of being incomprehensible. Would have been better if they had stuck to the task of writing a cookbook. Personal favorites/recommendations: Greek Pizza and Chicken Thai Pizza. The New Orleans influenced Muffaletta is wonderful.

So weclome to THE PIZZA GOURMET- though first things to say is that isn't just a pizza book, Course you'll know this already if you watch Chef Carl Oshinsky- OK, not quite an Italian, but still a well-acknowledged pizza pontiff- beaming out in living color all across American on PBS, watch him making all kinds of exotic-but-simple-enough-to-make pizzas as well as a variety of pastas and other accompaniment. For this above all is a book for entertaining, for having pizza parties-small or large, buffet or formal

About the Author So Pizza Gourmet Lovers, We're going to make some wonderful pizza...as The Pizza Gourmet himself. Chef Carl Oshinsky, said scene one, take one across the national TV airwaves in that, you know, laid-back understated, suburban Detroit way of his. Yup, Chef Carl hooked up with WYES-TV, from New Orleans to film this great PBS SERIES.
