This book is very informative on every single type of beer out there. It's small enough to take with you too which is great. I highly recommend this book to anyone interested in learning more about beer.1 of 1 people found the following review helpful. Informative beer guideBy B. BestThe Pocket Beer Guide makes for entertaining reading (for a beer lover, of course) and gives enough information for me to plot and plan which beers I need to try when I'm traveling.0 of 0 people found the following review helpful.
