Unfortunate because this is a beautifully laid out book, the recipes look amazing. If only . . .1 of 4 people found the following review helpful. recipes are not accurateBy Rafael AlvarezI wait a lot for this book and now i just wanna through it away. Recipes are not accurate, and have no details or tips for bakers. I think they want to keep the recipe for themselves.Photographs are nice and the layout is too, but thats no the reason why I bought it.4 of 4 people found the following review helpful. LovelyBy AmycakesI'm quite a novice baker, and need my recipes to be very detailed so I know what I'm doing. The cakes in this book always turn out wonderfully, there's tips and tricks for layer cakes and decorating at the back and it's just lovely. I've been working my way through every thing in the book, nothing has turned out badly at all!

More than 80 gorgeously illustrated recipes from a bakery that has quickly become an institution for cake lovers, with a pink placeholder ribbon and plenty of quirky charm Primrose Bakery is a way of life—from homemade croissants at breakfast, through fruity loaves at coffee time, to a slice of layer cake with afternoon tea, these recipes have the whole day covered.
