Nancy Adams : The Quick Bread Cook Book before purchasing it in order to gage whether or not it would be worth my time, and all praised The Quick Bread Cook Book:

0 of 0 people found the following review helpful. one of the best cook books
By Harley I saw a copy of this book in Tucson, Arizona way back in 1990 (thereabouts) in a grocery store. I really liked it because of the variety of recipes it had in it. Since then I have not been able to find it in a grocery store there in Tucson. Rats! So I had to find it on . Oh well. I got a copy of it for my current sister-in-law and for my niece (who had just recently got married). It is one of my favorite cook books. It has such a variety of ingredients the recipes call for - and not so exotic ingredients at that. 0 of 0 people found the following review helpful. Five Stars
By Customer Lots of great selections! 0 of 0 people found the following review helpful. Not just one great recipe, but many!
By St. Louis Mommy and Cook I love this cook book! Many of the recipes can be adapted to muffins, which my kids and husband love. Add a little less sugar to some recipes and a little more flour and they make great pancakes. Some of my favorite recipes include a chocolate bread (taste like brownies, but a lot less sugar), chocolate chip bread, spiced scones, and oatmeal brandy bread. There is something for everyone in this book. Breads are arranged alphabetically so it is easy to find a recipe for a fruit or

vegetable you might want to incorporate into a bread or muffins. Happy Cooking!
