They need to release the rest.2 of 2 people found the following review helpful. Better and BetterBy T. CHADWICKThis is the second book I have read by Ray Hogan. He is starting to move up on my list of favorite authors. If the next couple are as good as the first two I read he will be close to the top. Looking for a first rate story, this is it. Great plot and great characters. This is the way western should be written. Some of the new authors should go back and take a long look at Ray Hogans work. They might learn something worth while.1 of 1 people found the following review helpful. The shotgunnerBy CustomerI felt it was a good read. It had a plot that was easy to follow and the author kept the action moving. I would recommend this book to anyone that enjoys westerns.
