Victoria Hyun : The Sushi Box (Miniature Editions) before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Sushi Box (Miniature Editions)*:

2 of 2 people found the following review helpful. Love it
By Jenne Schrader
It's a cute little set and it's actually bigger than expected, I'm happy with it. Very good quality, I plan to buy more mega mini kits =)
24 of 24 people found the following review helpful. A Small Intro to Sushi
By Kent H Killla,
My wife gave me this item as a gift this past weekend as a token acknowledging my appreciation of Sushi. This tiny box set includes a 32 page booklet, a small pair of chop sticks, a real ceramic Soy Sauce dish, and narrow sushi rolling mat. I found the booklet informative, though not very in-depth. After reading it, I was very motivated in finding other books on Sushi. Included in the book are lists and descriptions of ingredients and items used in making sushi. Also there are a few different recipes to get a person on the road to rolling. The chop sticks are very short, only about 3 inches long. They are more intended as a training pair for someone who has no experience using chopsticks. The rolling mat, while a medium quality mat, is very narrow. You won't be using this mat to make a 6 slice roll, that is for sure. I haven't yet used the mat, and I think I will hold out until I get a larger mat this weekend. My personal pleasure with this little box set was the Ceramic Soy Sauce Bowl that was included. For the price I was expecting a piece of plastic. I am pleased to say I was wrong. In closing, I wouldn't call this a Sushi Solution. It is more along the line of a gift item for when you really want to get something different. There is enough info to get you going, but I found some of the information to be a bit vague. My plans now are to go and find a couple in depth books on sushi that include history, pictures, techniques and recipes. Wish me luck.

Enjoy a little taste of sushi with this mini kit containing a 32page recipe book plus charming miniature tools, including a bamboo rolling mat, chopsticks, bowl for dipping sauce, and green plastic grass to accent your mouthwatering creations.
