Slight disappointment thus farBy Kindle CustomerFirst let me say that I own a side baking business and I know how to bake and I know how to follow a recipe. I made the karat cupcake recipe as stated and not only did the cupcakes get way too big while they were baking but then they started to sink in the middle. I even try a little bit of what was saved of the cupcake and the batter before baking and they both tasted like baking soda and from what I know of the science of baking, 2 teaspoons might be way too much. Since many others did rate this book high (I did not see reviews unfortunately for the karat cupcakes) I did try the recipe again know what I know of flour to baking soda ratio. I lessened it to 1/4 tsp and they turned out perfect and moist. I think I

will monitor well the measurements in the other recipes but I am willing to try other ones.6 of 6 people found the following review helpful. Adorable Little BookBy Aunt VirginiaThis book may be smallish in size, but that is not an issue at all for me. The recipes are all very easy to understand and they include "regular" recipes like lemon cupcakes, dark chocolate, and sweet cake, but also some that are a little more "kicked up" like "pina colada, key lime, and brownie cupcakes. I also like that the book is spiral and that the pages are made from a heavy weight paper - much more durable. Actually I bought this sweet little book as part of a bridal shower gift. I bought cupcake pans, a cupcake apron, and this little book to include in the package. I think it is a winner. And after seeing the book in person, I ordered another one to keep for myself.1 of 1 people found the following review helpful. Fabulous, fabulous, fabulous!!By Mary Anne DumasThis book gives much more than expected. It is a "must buy" for all bakers. It has cupcake recipes for both the cake AND for the recommended frosting, as well as decorating ideas. It is easy to follow. The book is set up into several sections: 1)includes recipes for specific types of cupcakes, more than you can imagine, with a recommendation for what frosting to use (including the page #) one each specific cupcake cake; 2) favorites for each season; 3) decorating ideas special occasions; 4) master cupcake recipes; 5) the frostings, cross referenced with the recommended cupcake; and 6) cupcake fillings.The book is approx 3" x 5" and despite its size will provide hours of baking fun. The book is so terrific, I have purchased 5 additional copies today. The book will make a great Christmas gift for my nieces with young children and daughters who bake treats and bring them to work.

The treats of Sweet Cupcakes, a Boston-based boutique cupcakery, have been awarded "Boston's Best Cupcakes 2009" by The Improper Bostonian ... and not without reason. Each cupcake is like a little piece of heaven with flavors from cappuccino to pumpkin ginger. This miniature cookbook reveals Sweet's secrets, from baking techniques and decorating tips to recipes for cakes, frostings, fillings, drizzles, and toppings!224 pagesPortable size: 4-1/4 inches wide x 5-3/4 inches high; fits in your back pocket.Durable, concealed wire-o binding wipes clean.Book lies flat for ease of useElastic band attached to back cover keeps your place or keeps book closed.
