Michael A. Weiner : The Taster's Guide to Beer: Brews and Breweries of the World before purchasing it in order to gage whether or not it would be worth my time, and all praised The Taster's Guide to Beer: Brews and Breweries of the World:

0 of 0 people found the following review helpful. Good glimpse of the past.By Em KayGood glimpse of the beer scene in the US and world in the 70s. This is not about craft beer but at the time and because of what was going on, craft beer was born. Craft has come a long way since so there is something to learn from reading this book and understanding the ebb and flow of the beer industry. Unfortunately some of the founders of the craft movement have sold out to commercialism, investment groups or worse - AB-Inbev. The B.A. needs to refine the definition of "craft brewer" down instead of up. For me craft means fresh and local. If I want adjuncts, less flavored filtered and pastuerized beer, I can find that anywhere, the grocery stores are chock full of that #/^. Anyway, if you like beer and history, this is great.0 of 0 people found the following review helpful. Good referenceBy LWWeiner before he became a Savage, has a cold one.1 of 1 people found the following review helpful. A good choiceBy J. RundIt's a great book for any beer lover. Delivered in great condition, better than I expected for a 30 year old book.

A comprehensive, lavishly illustrated taster's guide to beers of the world - a history, description and evaluation of great beers of the world; how you can learn tell the difference between beers; and 100 photographs of beer in all its diversity

and beer drinkers from around the world at their favorite diversion.
