Maynard A. Amerine : The Technology of Wine Making before purchasing it in order to gage whether or not it would be worth my time, and all praised The Technology of Wine Making:

0 of 0 people found the following review helpful. make great wine because of the advice you've received from Professor ...By E. KIRKHAMWhat can I say? This is the classic, must-have book for any winemaker. Our copy went missing so we needed to order a replacement. We've read many books over our 40 years of commercial winemaking but this one remains the standard reference. Buy it, use it, make great wine because of the advice you've received from Professor Amerine.0 of 0 people found the following review helpful. Five StarsBy Liam J. WylieGreat Book full of information if you looking for knowledge or just basic information about making wine.1 of 1 people found the following review helpful. Resource MaterialBy Gordon JacksonMaterial is offered in an easily understood format. Some material is dated but still offers insight into previously held theories and production practices.

The Technology of Wine Making
