The book does not have enough original ideas to warrant publication and sale.Right now even if you got it for .99 the cost of the postage isn't worth the price. Nearly everything in the book is a been there done that copy of something you can get free on line.If they added another 50 or so ORIGINAL ideas then sure, but as it is. Don't waste your money.0 of 0 people found the following review helpful. and good to learn fromBy Lauren BellonThis book gave me the courage to try using fillo dough on my own. It doesn't have a huge amount of recipes but the ones it does are classics, and good to learn from. My first few recipes were ok, but now I am innovating and the fear is GONE!
