It handles the basic set up of a family bar or any small bar for that matter. It gives recipes and glassware advice and even shows pictures!Being a recent graduate of a professional Bar Tender's Course I found it to be informative and useful for beginner to expert. I would buy again if I lost this one. I encourage anyone interested in the field of mixology to have one in their library.4 of 4 people found the following review helpful. A Great Addition to Your in Home BarBy LindaA great little book that I gave as a gift to my Son and

Daughter-in-Law for their in-home bar they are in the process of building. Even though this has small print, they're young ~_~ and can handle it! It is organized both by drinks and by type of liquor, which they both appreciated. As she commented, 'now we can figure out what to do with all our left over' (I can't recall now what the booze was!) It also has suggestions on hangover cures, what to serve at your parties, etc. Chock full of useful info!!3 of 3 people found the following review helpful. The Ultimate Bar Book - The Comprehensive GuideBy Go4itBillOne of the best I have ever seen. Only wish the print was larger, but that would have made the book larger and I would imagine part of it's appeal is it's small size. Great for a party where people want to try different drinks with the same beverage. And if you really know what you are doing, you know mixing different alcoholic beverages is a good way to get commode hugging sick.

Ultimate Bar Book is the first and only guide to classic and new drink recipes. Loaded with essential-to-know topics such as barware, tools, and mixing tips, this book has it all. As a mistress of mixology, the author has the classics down to a Tthe Martini, the Bloody Mary, plus the many variations (the Dirty Martini, the Virgin Mary). And then there are all the creative new elixirs the author brings to the table, like the Tasmanian Twister Cocktail or the Citron Sparkler. Illustrations show precisely what type of glass should be used for each drink. With dozens of recipes for garnishes, rims, infusions, and syrups; punches, gelatin shooters, hot drinks, and non-alcoholic beverages; and let's not forget an essential selection of hangover remedies, Ultimate Bar Book is nothing short of top-shelf.
