Here is the BIG problem: there is no index that you can select a recipe and go directly to it, you have to manually go through the entire book and find it; there a list of cookies but it's not interactive.

That is a serious time waster , and no stikken pictures! I like to see what I am going to make. Grrrr.0 of 0 people found the following review helpful. They look really goodBy DziliziOkay so I just read the book and haven't had time to make any of these recipes. But they look really good. Well, there are some I will never make-I'm not vegan so I see no need to ruin chocolate chip cookies with tahini LOL. But they have a good reason to use it. I am not sure butter is vegan though.The Kindle version does not have pictures that I saw. But it was 99 cents when I got it so I'm not complaining. They have a great history of chocolate at the beginning and a lot of great recommendations on how to use ingredients that will be useful for those of us whose experience baking with chocolate is nestles chips thrown into batter before baking.8 of 8 people found the following review helpful. Disappointing collection of chocolate cookiesBy TerryI have two other cookbooks by these authors, The Ultimate Candy Book and the Ultimate Ice Cream Book so was really looking forward to this one, especially as I love to bake. There is not one photo, and the recipes are just lumped in alphabetical order with no kind of grouping by type. I didn't see too many original or exciting recipes but I will say there are some helpful general tips on baking at the front of the book.

Can you ever have enough chocolate? Not Likely!From Whoopie Pies and Mallomars to Rugelach and Chocolate Meringues, the recipes in The Ultimate Chocolate Cookie Book are melt-in-your-mouth delicious whether you like your cookies chewy, crispy, nutty or fruity. There are more than 90 different recipes and hundreds of variations by the Ultimate team, all with one thing in common - chocolate.

About the AuthorBruce Weinstein and Mark Scarbrough are the award-winning authors of nineteen cookbooks. They are contributing editors to Eating Well and columnists for weightwatchers.com, and they contribute regularly to Cooking Light, Fine Cooking, the Washington Post, and other publications. When they're not teaching cooking on Holland America cruise ships, they live in rural Litchfield County, Connecticut, with a fairly sane collie named Dreydl.
